

Waste Station Guide

- Follow waste sorting guide lines below when directing event attendees and staff members through sorting their waste
- To help maximize composting space, stack cups and plates
- Make sure to smile and be friendly

COMPOST

- Food
- Liquid
- Ice
- Napkins
- Compostable service ware:
 - Plates
 - Cups
 - Utensil

RECYCLING

- Empty cans
- Aluminum foil
- Event programs or other paper
- Glass
- Plastic with #'s 1-5 or 7 on it

Make sure to shake or dump out food and liquids into compost first. It's okay if there's some residue left on containers before recycling them.

LANDFILL

- Beer bottle caps
- Gum
- Plastic with a #6
- Plastic without a number:
 - Plastic wrap
 - Plastic bag
 - Straws
